

## **Vetril Systems Pvt. Ltd.- Empowering Businesses Through Technology Since 1985**

Incorporated in 1985, Vetril Systems Pvt. Ltd. started as a trusted IT hardware solutions provider, serving products of global technology giants such as *HP, Dell, Compaq, and IBM*. Over the decades, we have steadily evolved, diversifying our offerings to meet the growing and dynamic needs of businesses worldwide.

### **Our Journey**

- \* 1985: Established as an IT hardware provider.
- \* 1990s: Expanded into Networking Solutions via partnerships with *CISCO* and *D-Link*.
- \* Early 2000s: Ventured into Internet Leased Lines and Data Center Solutions with market leaders like *VSNL, BSNL, and Reliance*.
- \* Present: Successfully delivering Web Development, Hosting, and Email Solutions—services we continue to manage with excellence.

### **Our Role in Software Solutions**

Today, Vetril plays a pivotal role in the IT software solutions space as a trusted Solution Partner. We bridge the gap between **Business Application (Biz Apps)** solution providers and corporate enterprises aiming to elevate their technology capabilities.
